

**Western Highlands, LME
ACTT Eligibility Checklist**

Consumer Name _____ WHN ID number _____ Provider _____

A severe and persistent mental illness that seriously impairs functioning in community living.
Diagnosis:

AND

1 or more of the following (please check all that apply)

Significant difficulty consistently performing the range of practical daily living tasks required for basic adult functioning in the community (e.g. caring for personal business affairs; obtaining medical, legal, and housing services; recognizing and avoiding common dangers or hazards to self and possessions; meeting nutritional needs; maintaining personal hygiene) or persistent or recurrent difficulty performing daily living tasks except with significant support or assistance from others such as friends, family, or relatives.

Significant difficulty maintaining consistent employment at a self-sustaining level or significant difficulty consistently carrying out the homemaker role (e.g., household meal preparation, washing clothes, budgeting, or child-care tasks and responsibilities).

Significant difficulty maintaining a safe living situation (e.g., repeated evictions or loss of housing)/

AND have

1 or more of the following (please check all that apply)

High use of acute psychiatric hospitals (e.g., 2 or more admissions/yr) or psychiatric emergency services.

Intractable (i.e., persistent or very recurrent) severe major psychiatric symptoms (e.g., affective, psychotic, suicidal).

Coexisting mental health and substance abuse disorder of significant duration (e.g., greater than 6 months).

High risk or recent history of criminal justice involvement (e.g., arrest, incarceration).

Significant difficulty meeting basic survival needs, residing in a substandard housing, homelessness, or imminent risk of becoming homeless.

Residing in an inpatient or supervised community residence, but clinically assessed to be able to live in a more independent living situation if intensive services are provided, or requiring a residential or institutional placement if more intensive services are not available.

Difficulty effectively utilizing traditional office-based outpatient services.
